

IPOKRATES

Clinical Seminar

Advances and Controversies in the Management of Premature Infants in cooperation with Philippine Society of Newborn Medicine

OBJECTIVES

IPOKRATES seminars provide high quality postgraduate education which enables professionals to keep abreast of the most recent developments and offers participants the opportunity to discuss clinical problems or scientific issues personally with international experts. This seminar offers a comprehensive knowledge on pathophysiology, diagnosis, management and care in the premature.

LECTURERS

Rojas M	Vanderbilt University, Nashville, USA
Tudehope D	Mater Hospital, Brisbane, Queensland, Australia
Conneman N	Erasmus MC-Sophia Childrens' Hospital, Rotterdam, The Netherlands
Navarro-Psihas S	Department of Neonatology, Med University Innsbruck, Austria

DATE	February 7 - 9, 2010, starts at 8:00
PLACE	Manila, Philippines, Discovery Suites, ADB Avenue, Ortigas Center, Pasig City

LIMITED NUMBER OF PARTICIPANTS: 70 Please Note: Only registered participants, NO on site registration !

PROGRAM DESIGN	Simbruner G, Med University Innsbruck, Austria
TARGET GROUPS	Neonatologists and pediatricians of academic and non-academic hospitals
MAJOR SPONSORS	Dräger, Elsevier, Heinen + Löwenstein, Nestlé Nutrition Institute
LOCAL SPONSORS	Sanofi-Aventis, Glaxo-Smith Kline, Pediatrca, MSD Phil
LOCAL ORGANIZER	Philippine Society of Newborn Medicine 52 Kalayaan Str., Diliman, Quezon City, Philippines Phone +63 2 9266758 Website: www.psnbm.org Chair: Emilio A. Hernandez, Jr, MD; e-mail: drhernz2002@yahoo.com Secretary: Belen Escobar-Velasco, MD email: baevelasco@yahoo.com Members: Sheila Ann D. Masangkay, MD, Wilfredo R. Santos, MD, Esterlita V. Uy., MD

	Single person after Nov 1, 2009	250.- €

Advances and Controversies in the Management of Premature Infants

February 7 - 9, 2010, starts at 8:00

Manila, Philippines

PROGRAM

SUNDAY, FEBRUARY 7, 2010

Morning Session 08:00 - 12:00

Welcome and Introduction

Hernandez E, Navarro S

Advances and controversies in delivery room management of premature infants:

Navarro S

Surfactant administration and early CPAP.

Oxygen use and misuse in the Nursery -

Rojas M

An overview of current neonatal resuscitation guidelines and use of oxygen.

A review on oxygen use and appropriate oxygen saturations in preterm infants.

Break

Assisted ventilation for the newborn infant in the 21st century.

Tudehope D

Lunch Time 12:00 - 13:30

Afternoon Session 13:30 - 17:30

Practical Aspects of respiratory support avoiding lung injury.

Navarro S

Chronic Neonatal Lung Disease: Current Epidemiology and Preventative Strategies.

Tudehope D

Break

Brain and sensory development in relation to the environment: The synactive theory of development

Conneman N

An overview of neuro-sensory development in the womb and how the subsystems (autonomic, motor and state system) interact and effect self regulation of the baby.

Interactive Session: Questions and Answers

Faculty

MONDAY, FEBRUARY 8, 2010

Morning Session 08:00 - 12:00

Bio-molecular origin and pathophysiology of BPD

Rojas M

Audiological testing and universal neonatal hearing screening (UNHS).

Tudehope D

Break

Communication skills of prematures; listening to the premature infant, through observation.

Conneman N

Behaviour of infants will be illustrated by video segments

Lunch Time 12:00 - 13:30

Afternoon Session 13:30 - 17:30

Advances and controversies in enteral and parenteral nutrition of prematures.

Navarro S

Pathophysiology of NEC and the role of probiotics

Rojas M

Interactive Session: Questions and Answers

Faculty

TUESDAY, FEBRUARY 9, 2010

Morning Session 08:00 - 12:00

Prevention, diagnosis and management of infections.

Navarro S

Implementing individualized developmental and family centered care.

Conneman N

Assessing the culture of a NICU in order to effectively change the care for premature infants and their families.

Break & Evaluation

The role of the neonatologist in developmental care.

Conneman N

Do neonatologists actually matter when it comes down to the direct care for premature infants? How does a neonatologist support? Research data on NIDCAP.

Lunch Time 12:00 - 13:30

Afternoon Session 13:30 - 17:00

Why Follow-up High Risk Infants?

Tudehope D

The late preterm infant. Troubling issues and outcome

Rojas M

Break

Parents' experience in the NICU; "No matter how small"

Conneman N

A parents' guide to preterm infant development.

Demonstration of a DVD used to support parents on how to cope in the NICU.

Interactive Session: Questions and Answers
