UPDATE in Neonatology 2009

Riyadh, KFMC, Saudi Arabia
October 19 - 21, 2009; starts at 08:00 a.m.

PROGRAM

MONDAY, OCTOBER 19, 2009

08:00	Welcome and introduction to IPOKRATES	AlAql F, Simbruner G
08:15	Update on asphyxia of the newborn infant: pathophysiology, clinical correlates and therapeutic interventions	Simbruner G
09:15	Developmental cardiovascular physiology and definition of hypotension in the neonate	Seri I
10:30	<i>Break</i>	
11:00	Development of digestion, absorption and intestinal motor functions: clinical implications?	Neu J
12:00	<i>Lunch time</i>	
14:00	New dosing guidelines for the use of aminoglycosides in the neonate: do we still need to check peak and trough concentrations?	Van Den Anker J
15:00	Update on induced hypothermia	Simbruner G
16:00	<i>End</i>	

TUESDAY, OCTOBER 20, 2009

08:00	The dilemma of the PDA: treatment approaches and case discussions	Van Overmeire B
09:00	Enteral feeding for premature infants: the gut is a terrible thing to waste!	Neu J
10:00	<i>Break</i>	
10:30	Optimizing pain treatment in the neonate New developments in the treatment of neonatal pain	Van Den Anker J
11:30	Practical aspects of inducing hypothermia as treatment of hypoxic-ischemic Encephalopathy in asphyxiated newborns	Simbruner G
12:30	<i>Lunch Time</i>	
14:00	Necrotizing enterocolitis – an update	Neu J
15:00	Treatment of hypotension and low systemic blood flow	Seri I
16:00	<i>End</i>	

WEDNESDAY, OCTOBER 21, 2009

08:00	Erythropoetin an alternative or adjunct to hypothermia: results of a RCT in human newborns	Changlian Zhu et al. presenter: Simbruner G
08:30	The neonatal intestinal microbiome: friend or foe?	Neu J
09:30	<i>Break</i>	
10:00	What a neonatologist needs to know about pharmacogenomics: neonatal clinical pharmacology linking development with pharmacogenetics	Van Den Anker J
11:00	Premedication for neonatal intubation	Van Overmeire B
11:30	Update on mechanical ventilation: how to avoid lung injury and how to monitor regional ventilation by electrical impedance segmentography	Simbruner G
12:30	General discussion: audience and faculty	
13:00	<i>End</i>
